As a result of a number of companies, such as IBM, General Motors and Coca Cola, ending their ownership in South Africa but continuing to do business in there, the following "Guidelines for Divestment" were adopted by five national anti-apartheid organizations in January, 1987.

Guidelines for Divestment

We support an end to all corporate involvement in or with South Africa and Namibia. A corporation is doing business in or with the Republic of South Africa or Namibia if it, its parent, or its subsidiaries:

- 1) have direct investments in South Africa or Namibia, or have entered into franchise, licensing or management agreements with or for any entity in those countries; or
- 2) are financial institutions that have not prohibited new investments, loans, credits or related services, or the renewal of existing financial agreements, including those for the purpose of trade, with any entity in those countries; or
- 3) have more than 5% of their common stock beneficially owned or controlled by a South African entity.

A company in South Africa or Namibia for the sole purpose of reporting the news shall not be considered doing business in those countries.
